## **RCI Engineering Employment Opportunity**

RCI Engineering is a manufacturer of agricultural and off-road equipment, specializing in product development, testing, and manufacturing of products as an OEM and as a supplier to other companies.

Three areas of focus include the following:

1. Complete engineering services for agricultural and off-road equipment manufacturers
2. Research Plot Harvesters for hay, forage, and biomass crops
3. Attachments and Implements for Commercial Hay and Forage Harvesting

### **Electrical Engineer**

RCI is seeking a motivated, self-starting Electrical Engineer with excellent interpersonal skills and a willingness to grow in capabilities in other areas of the business involving electrical systems, sheet metal design, or software programming work.

This Engineer will assist with the development of specialized agricultural and off-road equipment from self-propelled equipment to laboratory test stands for product development and manufacturing.

This position can be tailored to the right individual and RCI is willing to provide training for this individual to grow into our other business needs.

#### **Responsibilities:**

- Design equipment in a small team environment
- Provide support to production as issues arise
- Develop wire harnesses for all products
- Other responsibilities depending on applicant experience

#### **Required Skills:**

- Electrical, Mechanical or Agricultural Engineering degree required
- MS and/or PE preferred, but not required
- Must be proficient with 3D modeling software
- Knowledge and efficiency in SolidWorks Electrical preferred, but not required
- Knowledge of general MIG welding practices required
- Ability to create wire harness drawings required
- General understanding of agricultural equipment preferred

RCI is also interested in individuals with experience in any of the following:

- PLC programming
- Circuit board repair
- NIR sensors
- Sheet metal design
- Off-road equipment design
- Scale units and systems
- SolidWorks Electrical
- Vehicle programming
- Software development

#### Benefits

- RCI offers Health, Dental, Vision and Life Insurance
- RCI includes Paid Vacations and Profit Sharing
- Salary based on experience

#### Additional Information

- This position is flexible in that it may be adjusted to fit the applicant's skills or experience. Please note all additional experience and skills on the application and resume.
