RCI Engineering is a manufacturer of agricultural and off-road equipment, specializing in product development, testing, and manufacturing of products under the RCI and Ag-Bag by RCI brand names.

Assembly Technician

RCI is looking for an assembly technician to assist with production of specialized harvesting machines. This position may be modified to become a leadership role depending on applicant experience.

Responsibilities:

- Assemble specialized agricultural equipment with care and quality
- Work in a team environment to accomplish team goal
- Resolve production issues as they arise
- Communicate design changes needed in product to engineering
- Operate forklift and other equipment as needed in the handling of products

Requirements:

- Prior experience in related field
- A basic understanding of agricultural and/or off-road equipment
- H.S. Education or equivalent
- Proficient in math and reading
- Ability to work in a team environment
- Strong work ethic
- Detail oriented
- Proficient in basic computer usage in Windows environment
- Clean safety record
- Forklift experience preferred but not required
- Self-motivated, growth-driven individual
- Ability to lift up to 50 pounds, bend, twist, and transport product and materials short distances
- Flexibility and willingness to assist with other work areas depending on time of year

Benefits

- RCI offers Health, Dental, Vision and Life Insurance
- RCI includes Paid Vacations and matching 401K
- Wage / salary based on experience

Additional Information

- This position is flexible in that it may be adjusted to fit the applicant's skills or experience. Please note all additional experience and skills on the application and resume.
